

Steve Dodd

Parent Governor

Staff

Parent

Co-opted

LA

Governance Role: Sits on Resources committee
Start Date: December 2013
Occupation: Planning Manager at Arena Structures

I am a former pupil, I returned to the village 2 ½ years ago I have two children one attending the school in foundation and one not at school age.

I feel passionate about education and the importance of having a good school at the heart of the community and helping the children achieve the best that they can.

In my working life as a planner for the events industry I have several transferable skills that could be useful as a governor and would be able to communicate with the teachers and governors effectively in the processes to help the school to perform better were needed, for the good of the school and the community.
